

The Anti-Aging Analyst Presents

Miracle Anti-Aging Hair Care

~ **TESTIMONIALS** ~

Here's what peeps are saying about this hair line...

"In the entertainment business, it's important to look the best you can, especially when you're on stage or in front of the camera.

Through my singing career, I have continued to work hard to keep in shape and I generally take care of my self in order to meet the rigorous demands of an on-stage entertainer. Needless to say, I have always gone out of my way to choose the best products for my skin and hair.

Recently, I started to use amazing Miracle hair products from the Miracle Anti-Aging hair line. My hair has undergone rigorous preparation over many years which was starting to take its toll. The necessity for the use of hot curlers, flat irons, chemical products, not to mention the desert California air, has left my hair damaged and lifeless. My hair is, shall we say, multi-dimensional (bleach blond, extensions and natural hair) and the Anti-Aging line makes *all of it* look healthy.

I was pleasantly surprised when my hairdresser told me that my **receding hair was filling in** and that my thinning hair was filling out, and that my hair has more body and luster to it, reversing the damage from previous years.

I attribute a **dramatic improvement** to my locks thanks to Miracle Anti Aging Hair line."

Terri Nunn, Academy Award-Winning Songwriter/Artist

"As a hairdresser for 38 years, I've met a lot of people who use chemical hair growth products. The chemicals are not very healthy internally and not good for the environment because they pollute the earth once they go down the drain.

Miracle Anti-Aging Hair Care is different because it's a hair growth system that is ALL NATURAL. I definitely saw a difference in one use.

Miracle Anti-Aging Shampoo, Conditioner and Serum **smoothed down the hair cuticle, made it stronger and strengthened the hair** because of closing and sealing the broken down cuticle.

This line repairs the cuticle and gives it a smooth, shiny finish. It definitely speeds up hair growth and for me personally, **I'm seeing 1/2 inch long new hairs that appear to be new growth at my hairline.**

My clients are seeing hair growth as well.

I have long fine hair with a slight wave and these products give me volume, fullness and shine. They **don't weigh my hair down** so I get a nice curl pattern.

I definitely love the clean Lavender and mint smell and that it has natural oils and not a chemical fragrance. Also, it gives a slight tingle on the scalp, probably due to the mint stimulating the blood flow. Stimulation is what helps blood flow and helps make hair grow. I think the pricing is very reasonable for the quality and results.

With the Miracle Anti-aging Shampoo and Conditioner you don't need much - anywhere from a dime to a tablespoon of product is all you need. It depends upon how much hair you have, but for average hair you don't need much product."

Vicki Bowman, Hairstylist with over 35 years experience and celebrity clientele Crimson Chic Salon

"As a professional model, makeup and hair are a primary importance to my photo shoot results. In preparation for photo shoots, the continuous use of curling irons, flat irons and heated styling tools plays havoc on my young hair, but I found an amazing hair line, Miracle Anti-Aging Hair, which has reversed ongoing damage caused by heat.

I love the entire line but especially love the Miracle Anti Aging Extreme Conditioner, which brings my hair back to life. Sometimes after one shoot, it will take 2-3 weeks for my hair to return back to normal. With the use of Extreme Conditioner, my hair is back to normal after a few uses.

As a model, I have used a large number of different products on the market, and while some products have shown minimal improvement, I keep coming back to the Miracle line, as it has given me the best results. I am also incredibly happy it is a natural line, free of sulfates and other harsh chemicals."

Isabella, Professional Model

"I have been using the Holocuren shampoo, conditioner and hair serum for about five months. They are unquestionably the best hair care products I have ever used. I have fine hair; these products make it manageable, lustrous and healthy. There are no chemicals to damage my skin at the expense of my hair.

My hairdresser says that she sees new growth at the hairline where she had previously told me it was thinning. As a woman of 69, keeping good healthy hair is important. Many people assume that I am younger because my hair looks so great. I'd say Holocuren hair products are the 'Fountain of Hair Youth.'"

Kate, Using Miracle Anti-Aging Hair Care for 5 Months

"I just started using Holocuren. I am not good at taking pictures and I spent ALOT of time in the past trying "not" to show my widows peaks so I don't really have many "before" pictures. But I wanted to share these photos with you. I have used 1 1/2 tubes of the shampoo and conditioner and not even a whole bottle of the serum and already I see a huge difference.

Attached are pictures of my widows peaks with the fine short hairs that have been growing in places it never grew before I started using Holocuren. Also, I have a scar on my hairline and it was getting close to the front of my forehead. And it is now farther. My hairline has actually changed. You guys have something really amazing on your hands. THANK YOU THANK YOU for sharing it with me. And my hair

has never looked so good. I was used to being the girl with limp hair, but not anymore! I was getting to a point where if I had to put my hair up, I would put on a hat but no more. Now, I am proud to wear a pony tail. Hope you have a great evening."

Lesha, Miracle Anti-Aging Hair Care User

"I just wanted to let you know that since I am back in Arizona, I have been using the Miracle shampoo, conditioner, and hair serum and it has saved my hair.

I have fine but thick hair and when I have been in Phoenix area for several weeks, it starts looking like straw. I remember asking some of the locals what they do for it some years ago and the main response was "cut it off." This is something I would not do. Usually these products for moisture weigh my hair down and it becomes flat, but not with these products. Have a wonderful day and thanks for all you do."

Elizabeth, Miracle Anti-Aging Hair Care User and Arizona resident

"I am a Certified Colonic Hydrotherapist and Licensed Massage Practitioner. I offer natural beauty, health and home products at my office and have used Holocuren for the last 2 months and LOVE IT! I have struggled with hair loss and **have seen a major improvement in fallout and regrowth in just a short time.** I would love to be able to offer it to my clients."

Jennifer K., A Natural Path

"I love this stuff! My hair has always been full and long, AND after using these products, It's even better! Softer, smooth ends, a full rich feeling I didn't know I'd missed! Thank you!"

Genevieve, Miracle Anti-Aging Hair Care User

"I also use Miracle hair products, and wow! As I get older, my hair is becoming thinner and more coarse. Since I started using Holocuren's Miracle Hair Anti-Aging hair Care, I've noticed my hair is full and softer. Thanks, Holocuren."

Paul, Miracle Anti-Aging Hair Care User
